Chairman's Welcome

Dear AABA Students,

Welcome to Arab American Bilingual Academy!

Established in 1994, AABA provides a balanced education for students from kindergarten to high school. Our curriculum is both American and Islamic based.

AABA not only provides an education, but also builds character. We strive to focus on guiding students to become well-rounded individuals academically and spiritually and with a sense of responsibility to themselves and to the community at large. The education offered is one which equally emphasizes knowledge, good morals, ethical values, and the development of physical health.

We are pleased to inform you that as part of our literacy program, we will be conducting extra English, Islamic and Quran classes. This expansion is critical to further developing the reading skills of all of our students. English is an international language, therefore, we want our children to learn and be well versed in Standard English. At the same time, it is our job as parents to ensure that our children be well versed in Arabic and receive a proper Islamic education. Also central to our mission at AABA is to provide a safe and caring learning environment. We value and welcome the opinion and support of our parents and our community.

With your help, we are looking forward to an amazing academic year!
Dear AABA Students,

Welcome!

Now that the school year is under way, I would like to welcome you all back to Arab American Bilingual Academy and extend an especially warm greeting to all our new students who have just joined us.

AABA offers an English-Arabic bilingual education from kindergarten through Grade 12. The bilingual aspect of the school is its most distinctive feature. Learning another language gives students skills not achievable through a regular language arts program. Perhaps more importantly, a bilingual education prepares students for higher learning in a rapidly changing world, while still maintaining contact with their Arab culture and heritage.

Our vision at AABA is to inspire students to become responsible, creative, and enthusiastic learners. Students have access to a computer lab necessary for today's growing technologies age. The science lab is safe and fully equipped. Reading lessons take place in our bilingual library. We are also pleased to inform you that our school has applied for AdvancED accreditation. An accredited institution provides a quality education program for students based upon a clearly defined philosophy and objectives that are appropriate for the school's unique population.
We have a caring and positive staff. Our school strives to develop strong skills that allow students to pursue dreams and goals as they become young adults.

Looking forward to a successful academic year!

Mrs. Ahlam Khattab

The Principal

**Vision Statement**

Arab-American Bilingual Academy is dedicated to building generations of students who strive to excel academically, are proud of their culture and beliefs, and are open-minded to the world.

**Mission Statement**

Arab-American Bilingual Academy is committed to providing students with the best of two worlds; empowering them with the knowledge that diversity of culture and background is a strength to be respected. Students are encouraged to meet academic challenges with openness, enthusiasm, and a willingness to learn.

**Purpose Statement**

The focus of AABA is to create an atmosphere of cooperation by respecting individual differences and instilling a sense of pride and accomplishment in our students. We achieve this through exposure to both our curriculum and instruction by a culturally diverse staff. Our students will be prepared for higher learning and become responsible and socially aware citizens.

**Core Value**

We strive at AABA to build moral character and develop tolerance, cooperation, creativity, and patience within our students. We motivate our students to become proactive thinkers and lifelong learners.

**Objectives:**

AABA students strive to:

- Acquire the skills needed to become independent learners.
- Become responsible and socially aware citizens.
- Develop a positive self image so that they may become patient, tolerant, and creative individuals.
• Understand and appreciate their own culture as well that of others.
• Meet challenges with openness and enthusiasm.
• Appreciate the value of time management.
• Work well with others and learn the art of cooperation.
• Acquire the skills needed to become proactive thinkers and lifelong learners.
• Acquire positive attitudes towards different cultures, traditions, and beliefs.

Motto:

Faith unites us, knowledge builds our future

SPECIFIC PROGRAM OBJECTIVES

MIDDLE SCHOOL AND HIGH SCHOOL

The middle and high school curriculum aims to reinforce the skills previously learned and continue to support and develop spiritual, moral, civic and intellectual skills and values.

To achieve these goals, each student must have:

1. social skills needed to interact with culturally diverse people
2. basic skills in various subjects
3. skills needed to become successful citizens and life-long learners

SCHOOL TIMING

1. Regular classes are conducted from Sunday to Thursday according to the following schedules:

<table>
<thead>
<tr>
<th>Middle &amp; High School</th>
<th>7:30 A. M. to 2:15 P.M</th>
</tr>
</thead>
</table>

* The timing will be changed during the Holy Month of Ramadan.

* Make up classes / Courses which are scheduled after regular class school hours.
ACADEMIC LEVELS

**Middle School**: Grade 6 - Grade 8

**High school**: Grade 9 - Grade 12

Curriculum Overview

*Middle School Department:*

The middle school consists of grades six through eight. The curriculum promotes proficiency in communication and technology. Emphasis is placed on building vocabulary, spelling, and writing skills. This includes strategies to improve study skills and development of computation skills. The areas of basic probability and statics, pre-geometry and pre-algebra will be stressed. Middle school places emphasis on scientific literacy in the fields of biology, chemistry, physics, and earth/space sciences.

Middle school social studies, taught in the Arabic language, prepares students to handle more advanced topics in high school courses and eventually World History in eleventh and twelfth grades. Social studies are taught per the standards and guidelines of the Kuwaiti Ministry of Education.

Physical Education, Art, and Information Technology/Computer classes are taught using age-appropriate equipment, supplies, and computer software.
Arabic, Islamic Studies, and Quran are taught per the standards and guidelines of the Kuwaiti Ministry of Education.

**High School Department:**

The high school curriculum refines skills in reading comprehension, writing, and critical thinking. Students expand vocabulary skills, understand and successfully use literary elements and polish research skills. The high school student studies advanced mathematics such as: Geometry, Algebra II, and either Integrated Mathematics III and IV, or Pre-Calculus, Trigonometry, Statics, and Calculus (depending upon the student’s chosen area of study). High school science is advanced, sophisticated, and stimulating. Students are taught complex scientific principles, processes, and skills.

In grades eleven and twelve students have the option to study advance mathematics and science courses or to take an international program of study.

High school social studies, taught in the Arabic language, prepares students to handle World History in eleventh and twelfth grades. Social studies is taught per the standards and guidelines of the Kuwaiti Ministry of Education.

Physical Education, Art, and Information Technology/Computer classes are taught using age-appropriate equipment, supplies, and computer software.

Arabic, Islamic Studies, and Quran are taught per the standards and guidelines of the Kuwaiti Ministry of Education.

**English Department:**

The English curriculum follows the standards and benchmarks of the Common Core State Standards and the Michigan State Curriculum Framework, as well as the Harcourt School Publishers National Correlation Groups Interpretation of the Michigan English Language Arts Grade Level Expectations and Holt Publishers: MCREL Standards and Benchmarks.

The English curriculum focuses on building skills in listening, speaking, reading/comprehension, and writing skills. Students read and analyze literature appropriate to their grade level. They study a variety of classic and contemporary works in order to increase their vocabulary and their understanding of the English language. Comprehension and critical reading skills are essential and will be developed through all grades. Students work toward mastering Standard English in their writing and speaking. They learn to use an appropriate writing process (pre-writing, drafting, revising, editing, and publishing) to express and communicate ideas. Students write using given topics and also write creatively. Students evaluate and edit their own writing and the writing of their peers. Research skills will be taught and reinforced at all grade levels. These skills will enable students to become lifelong learners.
**Middle School**

Students in the middle school develop from dependent to independent readers and writers, who read to understand and read for recreation. Students respond to a variety of literature using both literal and critical thinking skills and communicate orally in group settings. The middle school curriculum promotes proficiency in reading, writing, listening, speaking, and research skills. Emphasis is given to developing vocabulary, comprehension, and effective writing skills.

**High School:**

The high school curriculum strives to refine research and writing skills and places emphasis on mastering the conventions of Standard English. The curriculum gives students the opportunity to enhance their knowledge of the English language and to be able to recognize and understand the use of a variety of literary elements. Historical periods and writers and poets of these periods are studied in the eleventh and twelfth grades.

**Mathematics Department:**

**Middle School**

The middle math program provides the students with the following:

- Handling, measuring and calculating figures using geometric set.
- Reading and manipulating mathematical expressions.
- Numbers sense activities using mental math, estimation, numbers fractions, and decimals talks.
- Opportunity for students to discover concepts using problem based learning activities.
- Communicate and translate ideas to/from verbal symbolic forms.
- Developing and connect the students problem solving skills through real life problem solving experiences.

**High School:**

The secondary mathematics program provides the student with the following competencies:

1. Demonstrate skill in:
   a. handling, measuring and calculating instruments
   b. reading and interpreting graphs
   c. reading and manipulating mathematical expressions
2. Demonstrate analytical and creative thinking in systematic counting, estimating, approximating, calculating, sound reasoning, spatial perception and visualizing.
3. Manifest ability in
a. communicating and translating ideas to/from verbal symbolic forms
b. communicating abstract ideas using concrete models
c. applying usefulness of mathematics as a language

4. Demonstrate knowledge and understanding of
   a. man and his relation to society and environment such as appreciation and use of mathematics and reasoning skills toward one’s role as a member of society
   b. the widening capability of mathematics in human activities
   c. fostering of moral and ethical values

5. Manifest personal competence for
   a. further study or in obtaining employment
   b. curiosity, self-expression, self-criticism, cooperative work with others
   c. fostering the investigative attitude

Competencies in Geometry are found in grade nine, Algebra II for grade ten, Pre-Calculus for grade eleven (scientific studies) and Integrated Mathematics III (international studies), and Calculus for grade twelve (scientific studies) and Integrated Mathematics IV (international studies).

**Science Department:**

**The Middle School**

The Arab American Bilingual Middle School consists of grades 5-8. The Middle School provides a superior educational program designed to meet the individual needs of a select student body. All pupils follow a core program of studies in each subject and are expected to achieve mastery of basic skills. The program emphasizes: academic excellence; personal, social and intellectual growth; and encourages each student to be a well-motivated and constructive member of society. The curriculum is departmentalized with different teachers for each discipline. Students have one team of teachers per grade level, which fosters rapport between teachers and students. Students are taught effective study habits and independent learning.

**The middle school science includes the following courses**

- State and explain basic science ideas and health knowledge suited to his/her level in relation to his environment
- Learning science in an active process.
- School science reflects the intellectual and cultural traditions that characterize the practice of contemporary science.
- to relate science and technology to society and the environment
- to develop the skills, strategies, and habits of mind required for scientific inquiry and technological problem solving
- to understand the basic concepts of science and technology
**High School:**

The secondary science education program aims to develop understanding of concepts and key principles of science, science process skills, and desirable values in order to make the students scientifically literate.

Secondary science includes the following courses:

Grade 9: Biology

- develops an understanding of man’s living world and his interaction and relationship with the environment
- presents biological problems related to food production, health, reproduction, heredity, and conservation

Grade 10: Chemistry

- studies the properties of materials to determine their uses
- relates properties/chemical behavior of materials to their atomic structure
- investigates chemical changes and chemical technology and how these link to the environment and society

Grades 11 and 12: Physics

- treats concepts as basics for the interpretation and understanding of physical phenomena
- studies energy as the main theme
- discusses technology in relation to efficiency

Competencies in Environmental science are found in grades eleven and twelve for International Studies.

CODE OF CONDUCT

AABA students should conduct themselves appropriately and project a positive image of themselves, their family, and our school. If students make bad decisions, disciplinary action will be taken. The following information is offered so students are aware of our rules.

STUDENT ENTRY INTO SCHOOL

- All students must arrive at school, no later than 7:25.
- Students must enter the correct gate:
  - Gate C: boys grades 5-12
- Girls grades 6-12 and all elementary students' grades 1-5 should put their bags in their classroom and immediately go to the playground area.
- Students should remain in the playground area until the assembly ends.
- Boys (grades 6-12) should put their bags in their classrooms and immediately go to the basketball court.

ATTENDANCE

The benefit of classroom instruction, lectures, activities, discussions, and participation cannot be replaced. Therefore, it is pertinent that each student attend school daily.

ASSEMBLY

- All students should be in school before the assembly bell (7:30 a.m.) rings. If you are not in school by this time, you are tardy.
- All girls (grades 6-12) will have assembly from 7:30-7:45.
- Assembly is important because special announcements, awards, and instructions may be given at this time.

TRUANCY AND TARDINESS

- Students shall not be absent or tardy from school without the appropriate permission or excuse.
- Students of AABA must take responsibility for their own punctuality.
- Students must come to the administrative officer's room in order to receive a late pass to class and to present any written documentation.
- If a student is late more than twice in a week, a verbal warning from the Administration Officer will be issued. If a student is tardy more than three times, a telephone call will be
placed to the parent or legal guardian of the student and the appropriate disciplinary action will be taken. If a student continues to be tardy, a meeting will be set for the student, parent, and principal.

- Tardiness affects students’ progress and educational experience.

**ABSENCES**

- Upon reaching four unexcused absences, a student may lose credit in his/her classes.
- Students with excessive absences will be required to provide medical documentation in order to remain in class. If additional absences occur and no medical documentation is provided, credit may be withheld. If a medical exemption is given for the semester it may not carry over into the second semester.
- Any student may be placed on an Attendance Contract upon reaching a total of four unexcused absences or when a pattern of unexcused absences occur.
- Students may not be tardy or absent during test/exam week(s). Medical documentation and administrative acceptance is required to schedule any make-up exam/quarter test. In addition, a meeting with the principal may be required.
- If an entire period is missed because of an excused or unexcused tardy, that period is counted as an absence and will count against the limits of the attendance policy.

**ATTENDANCE POLICY**

- We believe that excellent attendance is a key to a successful educational experience. Absenteeism negatively affects students’ academic progress at school. Students who do not attend regularly miss daily instruction and develop gaps in their learning.

- It is the responsibility of parents/guardians to ensure compliance with this requirement and the responsibility of AABA to ensure that parents/guardians are informed promptly when the attendance is not satisfactory.

- Teachers are required to maintain accurate student attendance records and to report attendance to the principal or vice principal and/or parents/guardians in accordance with school rules.
AFTER (3) EXCUSED/UNEXCUSED ABSENCES/TARDIES

- The classroom teacher will contact the home and inform parents/guardians that their son or daughter’s attendance has not improved and that they have referred the student to their principal.
- The classroom teacher will continue to discuss the attendance problem with the student.
- The classroom teacher will inform the principal and counselor that the student’s attendance has not improved and that the home has been contacted. The principal may suspend the student.
- The guidance counselor will fill out a ‘Student Progress Feedback Form’ which will be completed by the student's teachers.
- The counselor will meet with the student and contact the home.
- The principal or counselor will meet with the student and create an ‘Attendance Improvement Plan’. This plan and an attendance policy letter will be sent to the student’s home. The principal or counselor will arrange a follow-up meeting with the student.

SKIPPING

Any student found skipping will be referred to the guidance counselor. The counselor will contact the home and suspension may result. A parent meeting with the student and the principal may be requested.

EARLY RELEASE, APPOINTMENTS, ETC.

- To release a high student early for an appointment, a parent/guardian must call the administrative office in advance.
- A parent/guardian must be present and sign an early release slip in order for a kindergarten, elementary, or middle school student to be dismissed early. If a parent/guardian is unable to come to the office, the parent/guardian must call the school's administrative officer and provide the following information: the student's name, time of release, reason for leaving, and name of person that will pick up the student.

UNIFORM POLICY
Students must wear the uniform at all times, without exceptions.
AABA uniforms may be purchased from the school.
All girls in the elementary and middle school (Grades 1 - 8) must wear a light blue polo shirt and a navy blue skirt. All High School girls (Grade 9 - 12) must wear a white polo shirt with black trousers or a skirt. The longer length; long sleeve shirt must be worn with trousers and the shorter length; short sleeve shirt must be worn with a skirt. All boys in the elementary and middle school (Grade 1 - 8) must wear a light blue polo shirt and navy blue trousers. All High School boys (Grade 9 - 12) must wear a white polo shirt and black trousers. All shirts must have the school logo. The KG students should wear navy trousers or skirts and light blue polo shirts.

The uniform must not be tight or revealing. All shirts must be plain. No writing or pictures are allowed.

**Jewelry**: For security purposes, students may not wear jewelry to school.

**Make-up**: Girls may not wear make-up or dye their hair.

**Nail Polish**: Students may not wear nail polish.

**Hair for boys**: All boys must have a neat, clean hairstyle. Gel is not allowed.

**Girl’s hairstyle**: All girls must put their hair up during school hours. There are no exceptions.

**Hijab (headscarf)**: Girls may wear either a black or a white headscarf.

**Shoes**: Shoes must be black. Girls may not wear heels. If shoes have laces or straps, they must be closed properly.

**Physical Education classes**: The P.E. uniform may be purchased from the school. The P.E. uniform consists of gray training pants and a white or gray shirt. Girls from grades 6 - 12 must wear the training set consisting of a black and grey long shirt and grey training pants. The student must wear white or black tennis shoes in order to participate in the P.E. activities. The P.E. uniform must not be tight or revealing in any way.

The administration reserves the right to use discretion concerning what is not acceptable for dress standards.

**DISCIPLINE PROCEDURE**

All students are required to comply with the policies, rules, and procedures established by the administration of Arab American Bilingual Academy. The following information is presented so that students are aware of the basic codes. This list is not meant to be all encompassing.

### II. CONDUCT GRADES

A deliberating body presided over by the principal and composed of homeroom teachers, subject teachers, and discipline coordinator sits down together to give quarterly conduct grades to every student.

**RULES/POLICY ON GIVING CONDUCT GRADES**

90% - Ceiling grade / Highest grade
- Excellent behavior
- Perfect attendance

85% - Excused Tardiness/ lateness with excellent behavior.

80% - Unexcused absences more than 5 times with excellent behavior.

70% - Unexcused tardiness

- Students who come early but fail to attend the flag ceremony.

60% - Cheating in any form during tests and examinations.

- Troublemaker / Disturbing classes/ Suspension
- Smoking inside the campus
- Improper/ Incomplete Uniform (Using make- up)
- Destroying school property
- Using mobiles during class hours
- Verbal abuse: insulting the teacher, calling the teacher derogatory names, and use of indecent language.
- Leaving the campus/ classroom without permission during class hours/ in between periods.

**ATTENDANCE AND TARDINESS**

The annual attendance and tardiness is found by getting the percentage of the total number of school days.

\[
\text{Example: } \frac{173}{180} \times 100 = 96\%
\]

Elementary : Total No. of School Days = 180

Middle School : Total No. of School Days = 180

High School : Total No. of School Days = 180

**III. THE GRADING SYSTEM**

The letter grade (I) is assigned to the student not completing all requirements of the course due to extra-ordinary reasons acceptable by the administration. A student must complete the missing requirements within the deadlines set by the administration. If the student fails to complete these requirements within the set deadline, the students may receive an F for the course.

**COMPUTATION OF AVERAGE**

Semester grades are computed as follows: 70% of the semester grade is based on course work, 30% is based on the semester exam results, 50% of the final annual grade is based on the first semester grade and 50% is based on the second semester grade.

**EVALUATION AND PROGRESS REPORTS**
Evaluation of student achievement is based on informal observation and supervision of class work and homework. In addition, formal assessments may include oral recitations, presentations, quizzes, announced tests, projects, reports, and semester examinations.

Students will receive a progress report three times per year (fall midterm, end of first semester and midterm of second semester). These reports give the results of the continuous evaluation, and help the student's progress. Parents are invited to meet with teachers to find ways to help the student progress.

The final promotion decision is recorded on the second semester/final report, which is issued in June.

**COURSE WORK**

Grades are based on student participation, quizzes, projects, tests, observation, and other forms of assessment.

V. POLICY OF GIVING QUIZZES & LONG TESTS

1. Grade School and High School
   a. To avoid giving quizzes and long test in one day at the same time, a schedule has been drawn up as follows:
      
      Every Sunday         English (High School)
      Every Monday         Math (Grade School and High School)
      Every Tuesday        Science (Grade School and High School)
      Every Wednesday      Arabic (Grade School and High School)
                            Social Studies (Grade School)
      Every Thursday       Qur'an (Grade School and High School)
                            World History / Social Studies

   b. Tests in other subjects will be given as the need arises but these will be scheduled on a day when there is only one scheduled test.

POLICY ON MISSED QUIZZES, SEATWORKS & HOMEWORKS/ASSIGNMENTS

1. Grade School and High School
   a. Make-up quiz is given to students whose absences are excused that is, excuse slip must be duly signed by the parents and approved by the Principal. The highest possible grade is 95%. However, no make-up quiz to any student whose absence is unexcused.
   b. No make-up for missed seatwork for both excused and unexcused absences because this is part of daily attendance in class.

OTHER SCHOLASTIC POLICIES
1. Pointers for review are given by subject teachers to prepare students during quarterly exams. These pointers include among other things the directions to follow as well as examples for each type of tests for preschool and elementary (Grade 1-5), but for the middle school (Grade 6-8) and high school, only topics will be given.

2. If ever projects are to be assigned by teachers, the following considerations shall be taken into account.

   a. Assigning group projects will take into account the residences of students to facilitate easy coordination and to lessen the problem on transport.
   
   b. Group projects are given at least one week for submission.

2. Physical Education

   a. Physical Education is a required subject for all students. Each student should increase his tendencies and abilities to play competitive and recreational sport and games. The prescribed P.E. uniform is required for health and safety measures.
   
   b. Pupils and students may be exempted from Physical education activities by reason of health or physical dis-abilities but must have the permission of the Principal. In cases like this, the students shall be given activities or projects which are equal to the actual Physical Education activities.

THE REPORT CARD

1. Report Cards are issued after each grading period. The report card is an official school document which shows the student's performance per quarter.

2. A Parent-Teacher Conference (PIC) as scheduled during the distribution of the report cards which is usually on Thursday from 5:00 P.M. to 8:00 P.M. aside from receiving the report cards, this occasion will also afford parents/guardians to know some observation about their children straight from the teachers whether or nor problems exist. Parents/Guardians may also take advantage of this opportunity to seek teacher's advice as to how best can their children perform for the rest of the school year.

3. Report cards must be duly signed by the parents/legal guardians and must be returned immediately to the Homeroom teacher on the next regular school day.

4. Parents who failed to get the report cards on the scheduled distribution day may get them from the Registrar's Office during office hours.

5. Tempering of the Report Card is a serious offense. Likewise, forging the parent's or guardian's signature is also considered a serious offense.

EXAMINATION

1. The school year is divided into four (4) quarters and (2) semesters. At the end of each quarter an evaluation test in all subject areas is administrated to assess the performance status of each student.
2. An examination schedule is given to the students at least one week before exams begin. The schedule is posted on the classroom and school bulletin boards.

3. All school activities are suspended one week before the quarterly examination in order for the students to prepare for and concentrate on the upcoming exam.

4. For any kind of irregularity in examinations, tests, quizzes and the like, the student will be given a failing mark.

5. Any student caught cheating during exams, quizzes, and the like will be given a zero grade for that particular exam or quiz and F in conduct for the quarter.

6. Violations of exam procedures, for example, talking, possession of textbooks or notes, etc. will merit the appropriate penalty.

7. During quarterly examinations the students must follow these rules:

   - Silence at all times.
   - Sit in appropriate assigned seat and cannot change seats unless given permission.
   - Deposit books, bags, and other personal items in the designated place before exam begins.
   - Desk must be empty of all learning materials, unless required.
   - Follow all instructions from proctor.
   - Talking is strictly forbidden. Asking petty questions is not allowed.
   - If any problems or concerns arise, hand must be raised in order to call attention to the proctor.
   - Refrain from borrowing any materials such as calculators, liquid paper, eraser, logarithmic tables, etc. at any time during the examinations.
   - Leaving the examination room for any reason during the exam, for example, going to the restroom, is strictly forbidden.
   - Review answers and remain quiet until the end of examinations.
**MAKE-UP EXAMS**

Any student who did not attend the exam during the first or second period (end of the year) has to submit a written excuse acceptable to the principal of the school to let them take the complementary exam before the end of the time set for the exam.

**RETEST POLICY**

The retest exam policy is relevant to students who fail in one or two courses in the Middle/ High school. The retest will be held before the start of the new academic year. (August/ September)

The student fails the grade if there is a failure in 3 core classes and cannot take the retest under the following conditions:

- Students, who fail the retest, fail their grade and must repeat it.
- The retest grade replaces the exam grade and sets the final grade according to the course; therefore, 70% of the yearly activities and 30% of the retest exam will be counted.

**FAILURE AND PROMOTION POLICY**

**GRADES (6-12):**

- Student may be promoted to the next grade if all core subjects are passed.
- Student must repeat the grade if he/she fails in three or more core subjects. He/She is not allowed to perform retest exams.
- The student may do the retest exam in September if they fail in one to two core subjects.
- The student must repeat the grade if they fail the retest exam.
